Report description:

While in 2022 Pakistan largely put the disruptions caused by COVID-19 behind it, other challenges emerged and affected economic growth. Spiralling inflation, massive devaluation of the Pakistani rupee against major world currencies and catastrophic floods, which left hundreds of thousands in need of emergency aid, all led to a poor economic picture. However, despite the difficult economic conditions, weight management and wellbeing registered healthy constant value growth. Many people gained wei...

Euromonitor International's Weight Management and Wellbeing in Pakistan report offers a comprehensive guide to the size and shape of the market at a national level.
