Report description:

Recent efforts to improve Egypt's reputation as a global travel and tourism destination have centred mainly on the development of new infrastructure such as the new Sphinx International Airport and a diversification of the lodging options in various crucial destinations throughout the country. However, developments have also been seen in the booking space and this is of crucial importance for attracting the attention of consumers and facilitating the booking of travel and tourism product and ser...

Euromonitor International's Booking in Egypt report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2017-2021, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues. Background information on disposable income, annual leave and holiday taking habits is also included. Forecasts to 2026 illustrate how the market is set to change.
