Report description:

Coca-Cola is set to retain its leading position in carbonates in off-trade volume terms in 2022, driven by sustained brand loyalty and effective price point management, allowing the company to effectively compete with other leading manufacturers. Much of this success is expected to be the result of the company's strong performance in regular cola carbonates, with this category also set to see a strong single-digit off-trade volume growth rate in 2022. Another factor driving Coca-Cola's dominance...
