Report description:

The emergence of the pandemic and subsequent home seclusion, as a result of various restrictions introduced by the government to control the spread of the virus, resulted in a surge in demand for food preparation appliances. Various pandemic-related restrictions forced the foodservice industry to temporarily close, and when they were permitted to open they had to reduce capacity and follow various rules including limiting the number of patrons sharing a table and opening hours. This encouraged l...

Euromonitor International's Food Preparation Appliances in Hong Kong, China report offers a comprehensive guide to the size and shape of the market at a national level.
