Report description:

2022 was a more optimistic for ice cream in retail volume and current value terms, with consumption levels moving closer towards pre-pandemic levels, which should be achieved in 2023. Foodservice saw another year of double-digit volume growth rate as the channel recovered as well. The country saw inbound tourists return in greater numbers in 2022 boosting impulse purchases. Despite the best efforts of producers to try to de-seasonalise ice cream consumption, it is mostly consumed in the summer w...
