Report description:

Ice cream overall is posting positive but slowed volume and current value growth in 2022. Convenience stores remains the major channel for ice cream purchases and is gaining share in 2022. Many consumers order online and pick up in-store, and while collecting their shopping they often buy ice cream on impulse. An increasing number of influencers are sharing new ice cream products they have found through convenience stores with their followers on social media, thereby expanding the target audience...

Euromonitor International's Ice Cream in Taiwan report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2017-2021, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth.
