Report description:

Confinement in Chile has been strict over the 2-year period of the pandemic, while 2022 has seen greater flexibility in line with a gradual easing of restrictions which has allowed the local population to resume various activities, including travel or socialising. This has only been possible with the country's high vaccination rate, and the government's strict regulations regarding access to various services such as restaurants or booking a flight, by completing the vaccination scheme. Chileans...
