Report description:

2022 was a challenging year for the leading players in sauces, dips and condiments as unit prices rose steeply at a time of high general inflation that has put enormous pressure on consumer spending power. This was largely due to dramatic increases in international commodities prices, which resulted in almost all categories of sauces, dips and condiments registering average unit price increases at well above the rate of general inflation. Cooking and table sauces generated the highest increase i...

Euromonitor International's Sauces, Dips and Condiments in Uruguay report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2017-2021, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth. How key trends such as health and wellness, sustainability and recovery from the pandemic are shaping the market in <|Year|> directly informs our forecasts to 2026, clearly indicating how the market is expected to change.
