Report description:

Air care experienced significant price increases in 2022, often with unit price growth exceeding current inflation rates. Many air care products are imported and have been impacted by supply chain challenges and disruptions leading to a reduction in the availability of such products. Despite these challenges, the category continues to see robust retail volume growth as consumer awareness surrounding air care products rises. Moreover, improvements in distribution is helping air care products to r...

Euromonitor International's Air Care in Dominican Republic market report offers a comprehensive guide to the size and shape of the market at a national level.
