Report description:

In 2022, air care witnessed a period of steady growth with the rate of volume and current value growth rising above 2021 levels. In 2020, with consumers preoccupied with ensuring that their homes were free of COVID-19, there was a lot of frenzied cleaning, and essential cleaning products were prioritised. Also, health advice around COVID-19 was to ensure rooms were well ventilated and this hampered demand for air care products, as air care products are less effective in more ventilated environme...

Euromonitor International's Air Care in Morocco market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth.
