Report description:

Retail volume growth was slower in 2022 as some Bolivians spent less time at home and shifted back to doing more outdoor activities and eating out. However, some consumer segments continued to spend a considerable amount of time at home sustaining retail volume sales of dishwashing products. During the first semester of the year most school pupils continued to be home-schooled resulting in more cooking and washing up at home. Manufacturers have launched new value lines to meet the needs of price...

Euromonitor International's Dishwashing in Bolivia market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth.
