Report description:

The number of financial cards in circulation is growing in 2022, as the South African economy fully reopens following the removal of all lockdown restrictions in June. Credit card spending is posting buoyant growth, supported by strong consumer demand in the face of rising inflation, driven by the war in Ukraine. In fact, many consumers are turning to credit simply to make ends meet. Furthermore, while debit card transactions are being driven by improving labour market conditions and economic re...
