Report description:

Despite the persistent inflationary pressures experienced in the Dominican Republic, along with some very marked price increases across a number of home care categories, unit price growth for home insecticides has remained steady. The category has not experienced the sharp price hikes seen in other areas, which has sustained demand and maintained solid growth in retail volume sales. The Dominican Republic is regularly impacted by arboviruses each year which ensures steady demand for these produc...

Euromonitor International's Home Insecticides in Dominican Republic market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues.
