Report description:

Retail demand for meals and soups in India continued to rise in 2022, as increasingly time-pressed consumers and busy lifestyles since the easing of pandemic-related restrictions drove demand for convenient meal solutions, especially for dried and shelf stable ready meals. With local consumers returning to the workplace or education, they have been searching for easy to prepare, convenient ways of cooking to adapt to their busier lifestyles. On the other hand, some employees continued to follow...

Euromonitor International's Meals and Soups in India report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2018-2022, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth. How key trends such as health and wellness, sustainability and recovery from the pandemic are shaping the market in <|Year|> directly informs our forecasts to 2027, clearly indicating how the market is expected to change.
