Report description:

Inflationary pressures and supply chain disruptions have impacted surface care, although some subcategories have suffered more than others. Current value sales strengthened in 2022 as unit prices rose in the category. Some brands have lost visibility due to lower levels of product availability, which is particularly the case for imported brands. However, even local players in surface care have faced challenging market conditions since the onset of the COVID-19 pandemic due to higher costs, scarc...

Euromonitor International's Surface Care in Dominican Republic market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues.
