### **Report description:**

Bleach saw retail sales volume decline in 2022, with COVID-19 concerns no longer driving sales and the product suffering from being mainly viewed as outdated and toxic. However, older consumers still frequently use bleach as a cleaning agent on its own and as a routine additive to other solutions (like many liquid drain cleaners). Numerous publications on the damaging health effects of chlorine bleach, especially on the respiratory system, have been published, increasing consumer concerns. As a...

Euromonitor International's Bleach in Ireland market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues.
