### **Report description:**

Bleach sees only small value growth in 2022, whilst slumping into negative figures in volume terms. Indeed, after a more positive performance during the era of the pandemic, when consumers were preoccupied with disinfecting their homes, bleach is now returning to its declining trend. Previously, an aversion to the strong smell of bleach and its possible negative impact on health and on clothes saw demand falling. However, bleach saw somewhat of a renaissance following the outbreak of COVID-19, a...
