Report description:

In 2022, though there was double-digit growth in current value sales of home care in Bosnia and Herzegovina, constant value sales fell, with volume sales only increasing marginally. Several factors led to this muted performance. The war in Ukraine had a negative impact, with the resultant energy crisis leading to soaring inflation and dampening volume sales. In addition, with the height of the pandemic having passed, there was not the same level of frenetic cleaning being done in order to remove...

Euromonitor International's Home Care in Bosnia and Herzegovina market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts to 2027 illustrate how the market is set to change.
