Report description:

Having seen a drop in sales in 2021 following the dynamic expansion generated by the early stages of the COVID-19 crisis, home care returned to growth in 2022. While current value growth was considerably bolstered by the significant increase in unit prices seen during the year, volumes also rose as demand stabilised with the full-scale resumption of more normal lifestyles. The rise in unit prices was a key feature of the market in 2022, with brands blaming the increase in prices on the rising co...

Euromonitor International's Home Care in Israel market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts to 2027 illustrate how the market is set to change.
