Report description:

Overall, the performance for home care was muted in 2022. While there was double-digit current value growth, constant value growth was minimal and volume growth was also muted, as continuing soaring inflation hit consumer purchasing power. Also, the Nigerian oil industry did not benefit as much as it could from elevated global oil prices as output was low due to infrastructure deficiencies and on the other hand, the economy was negatively impacted by elevated global gas and food prices. In addit...

Euromonitor International's Home Care in Nigeria market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts to 2027 illustrate how the market is set to change.

Bleach benefits from high inflation, with consumers trading down from products such as surface and toilet care

Competition also continues to spur the good performance of bleach

Little innovation within bleach

PROSPECTS AND OPPORTUNITIES

Positive outlook over forecast period

Stain removing properties of bleach continue to support volume sales

Players diversify in terms of product sizes, formats and scent
