Report description:

Home care in Romania is seeing an overall positive performance in 2022, albeit with volume growth notably lower than value growth. There are various factors at play here: one being consumers' higher home-hygiene standards which were inspired by the era of the COVID-19 pandemic; another being consumers' return to out-of-home activities, thus less time spent at home and thus fewer cleaning opportunities; and a further key point being the inflationary pressures which are pushing up unit prices. Thi...
