Report description:

Value growth is robust in laundry care in Romania in 2022 and, although volume growth is a little lower this year compared to the previous two years, demand remains reliable. Modern products, such as liquid detergents and liquid tablet detergents are proving popular, with healthy growth in both value and volume seen. Certain structural evolutions are standing out, in line with rising consumer sophistication and their demand for more specialised products. Consequently, specific solutions, such as...

Euromonitor International's Laundry Care in Romania market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth.
