Report description:

Plant-based dairy products remained a small category of limited significance in 2022, with low consumer awareness and narrow distribution place limits on its overall growth potential. Nonetheless, the category is rapidly gaining ground as the health and wellness trend gains significance. In response to rising demand, category players are regularly launching interesting new products under a range of new brands and these are increasingly in demand among health-conscious consumers and fitness enthu...

Euromonitor International's Plant-based Dairy in Bosnia and Herzegovina report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
