### **Report description:**

After spiking significantly during the pandemic in 2020, toilet care remained fairly stagnant in value and volume sales in 2022. However, value sales levels remained higher than in 2019. In 2020, consumers used their bathrooms/toilets significantly more often due to lockdowns and working/learning from home. Furthermore, consumer demand for cleanliness and hygiene was extremely high at the height of the pandemic. People were also interested in new home care products to spend their extra time at h...
