Report description:

The Spain Road Freight Transport Market is projected to register a CAGR of 5.54%

Key Highlights

Largest Segment by Distance - Long Haul : Long-haul trucking services have dominated the distance segment in Spain's road freight transport market due to the rising trade patterns and construction of smooth expressways within and across the country.

Largest Segment by Product Type - Solid Goods : In Spain, solid goods surpass liquid goods in the product type segment as most of the commodities transported were within the solid goods segment. It also significantly contributes to the value-added output of the country.

Largest Segment by End User - Manufacturing : The manufacturing sector, which has a market share of 11.32% and is the second-largest contributor to Spain's GDP, makes up the majority of the road freight transport market in Spain.

Fastest Growing Segment by TruckLoad Specification - Less than Truckload : Small and medium-sized enterprises are one of the key end users of this service, and there are currently 2,547,511 SMEs in Spain, making the LTL segment the fastest-growing sector.

340.32%, followed by the wholesale and retail trade segment, with a share of 28.03%. The wholesale and retail trade segment was also the major contributor to Spain's GDP, with a share of 11.8%, amounting to USD 161.02 billion in 2021. The end-user segment of the road freight transport market experienced a decline of 3.44% YoY in 2019 in terms of volume, followed by a further decline of 5.72% YoY in 2020 due to a decrease in Spain's trade patterns caused by the impact of Brexit and the COVID-19 pandemic. The other end-user segment of the market witnessed a maximum decline of 6.0% YoY in 2020 due to the decline in entertainment, real estate, recreational, and other activities. During the forecast period (2022-2028), the oil and gas, mining, and quarrying segment is expected to record the highest CAGR of 6.93%, followed by the wholesale and retail trade segment, with a CAGR of 5.90%. Thus, the scope of these segments in the market is anticipated to be massive in terms of growth.
