Report description:

The United Kingdom Road Freight Transport Market is projected to register a CAGR of 2.16%

Key Highlights

Largest Segment by Distance - Long Haul : The long-haul segment garnered the highest market share in the UK road freight transport market due to government initiatives to increase infrastructure developments and facilitate the growth of cross-border trucking.

Largest Segment by Product Type - Solid Goods : Solid goods dominate the product type segment in the United Kingdom over liquid goods. Construction, textile and apparel, machinery and equipment, electronics, automobiles, and other industries are included in the solid goods category.

Largest Segment by End User - Wholesale and Retail Trade : The United Kingdom has the most advanced e-commerce market in Europe. With the most lucrative e-commerce market across the country, the United Kingdom's wholesale and retail trade sector also leads the road freight transport market.

Fastest Growing Segment by TruckLoad Specification - Less than Truckload : Less-than truckload is the fastest-growing segment in the UK road freight transport market, as 85% of the domestic freight moved in the country is transported on roads.
