Report description:

In 2022, there was no drop in volume sales in home care, despite the resumption of normal social and economic activity, consumers spending more time outside their homes, and a less intense focus on addressing the threat from germs. International manufacturers maintained positive sales dynamics in most categories during the year. These players' international brands have a reputation for efficacy and attracted more consumers during the COVID-19 pandemic amid a rise in household hygiene concerns, a...

Euromonitor International's Home Care in Azerbaijan market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth.
