Report description:

Overall home care witnessed a slight increase in retail volume terms in 2022, due to continued enhanced consumption habits since the first major outbreak of COVID-19 in May 2021, also driven by a further outbreak in May 2022. This led to a continued focus on antibacterial and antiviral products, and a desire to improve quality of life even when the overall pandemic situation improved in Taiwan. Apart from essential demand caused by the hot sub-tropical climate, overall growth was also supported...
