### **Report description:**

2022's consumer foodservice industry is significantly different from that of 2019. The pandemic prompted many changes, with the advancement of online ordering and home delivery the most significant. For full-service restaurants, online ordering developed from being almost insignificant in 2019 to representing 23% value share in 2022 (with no lockdowns in place), despite losing ground to offline. This means that to be successful, full-service restaurants now need to be able to recreate a valuable...
