### **Report description:**

Home insecticides continued to see stable growth in retail volume terms in 2022, with demand not being significantly impacted by the pandemic. Mosquitoes present a major threat to health in the Philippines and as such consumers will invest in home insecticides when they can afford to do so in order to protect themselves and their family. In particular, a rising number of cases of dengue, which is endemic in the Philippines, is leading local consumers to increase their spending on home insecticid...
