Report description:

Full-service restaurants in Singapore continued to experience strong current value growth in 2022, following an already significant increase in 2021. This was because Singapore further eased community and border measures, thanks to its highly vaccinated population and robust healthcare system, confidently progressing towards living with COVID-19. The spike in sales was mainly driven by the release of pent-up demand for away-from-home experiences after the pandemic, alongside the removal of group...
