Report description:

Vending saw solid growth in current value terms in 2022 with sales seeing a full return to pre-pandemic levels. This growth was partly driven by inflation but it was also thanks to the increased mobility of consumers as COVID-19 restrictions were lifted and as consumers began returning to the office. Hot drinks, soft drinks and foods vending contribute to a significant share of vending sales and these products rely heavily on foot traffic, with consumers typically using these vending machines fo...
