Report description:

Even though fertility rates are declining in Romania, the value sales of nappy/diapers/pants continued to increase in 2022, mostly due to rising consumer affluence and sophistication. The growth was stronger in value terms than volume terms, not only due to premiumisation but also due to high inflation. Unit prices increased across the entire category, mostly due to rising energy prices and the costs of raw materials. In terms of premiumisation, the fall in fertility rates is serving to encourag...
