- Multiple User License (Global) €2475.00

Report description:

Rx/reimbursement adult incontinence posted further positive value and volume sales growth in 2022, although the latter was slower compared to the previous year. This was due to the lower volume distribution of these products as part of government programmes, while the local population continued to age, with some turning to retail adult incontinence products instead. Moreover, inflationary pressures on purchasing power remained an important topic in Brazilian households, heavily influencing demand...

Euromonitor International's Rx/Reimbursement adult incontinence in Brazil report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, distribution or pricing issues. Forecasts to 2027 illustrate how the market is set to change.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- * Get a detailed picture of the Rx/Reimbursement adult incontinence market;
- * Pinpoint growth sectors and identify factors driving change;
- * Understand the competitive environment, the market's major players and leading brands;
- * Use five-year forecasts to assess how the market is predicted to develop.
