### **Report description:**

In 2022, retail value sales of sanitary protection products recorded strong growth. Inflationary pressures were a key contributor to this strong value increase, while volume sales saw only marginal growth. Overall, increases in the cost of raw materials, shipping costs, labour wages and energy led to substantial price increases in all tissue and hygiene product areas, including sanitary protection. On top of existing period poverty, financial pinch and worsening inequality due to inflation and d...
