### **Report description:**

After its first release in 2014, disposable sanitary protection underwear steadily gained popularity over the years. Nonetheless, changes in lifestyle during the COVID-19 pandemic became a catalyst for sales of disposable sanitary protection underwear, and it remained popular in 2022 even after the COVID-19 restrictions were lifted and people started returning to their normal lives. During the pandemic, when social distancing was severe, many people worked from home and started to try out underw...

Euromonitor International's Sanitary Protection in South Korea report offers a comprehensive guide to the size and shape of the market at a national level.
