Report description:

The war in Ukraine had a negative impact, with the resultant energy crisis leading to high inflation and dampening volume sales somewhat. As a result, while overall tissue and hygiene saw a double-digit increase in current value sales in 2022, constant value sales fell, with volume sales also falling slightly. The volume fall was also due to a continuing decline in population, as a result of both a falling birth rate and continuing emigration of young people.

Euromonitor International's Tissue and Hygiene in North Macedonia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, distribution or pricing issues. Forecasts to 2027 illustrate how the market is set to change.

Product coverage: Away-from-Home Tissue and Hygiene, Retail Tissue and Hygiene, Rx/Reimbursement adult incontinence, Total Tissue and Hygiene.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- * Get a detailed picture of the Tissue and Hygiene market;
- * Pinpoint growth sectors and identify factors driving change;
- * Understand the competitive environment, the market's major players and leading brands;
- * Use five-year forecasts to assess how the market is predicted to develop.
