Report description:

Guadalajara - Comprehensive Overview of the City, PEST Analysis and Key Industries including Technology, Tourism and Hospitality, Construction and Retail

Summary

"City Profile - Guadalajara" provides historical and forecast data on key city level metrics along with analytical coverage of the latest political, economic, social, technological, infrastructural, legal and environmental issues affecting Guadalajara.

The report contains detailed tourism, retail, construction, technology and public infrastructure data and insight into economic, social, and industry trends.

Guadalajara has a diversified economic system and contributed 4.5% to the country's economy in 2022. Wide range of manufacturing, commerce and tourism are some of the economic base drivers in Guadalajara metropolitan area. The area also possesses one of the best infrastructure facilities for industrial development

Scope

- The service sector remains the key contributor to the regional economy - and the major employer.
- Global supply chain disruption accelerated the already high inflation, leading to fuel and food price hike and eroding purchasing power of the households. Further, elevated inflation, weak external demand from main trading partner, the US, negatively impacted key economic sectors such as construction and mining
