Report description:

In 2022, the Vietnamese government removed all restrictions and social distancing measures which were in place during the era of the COVID-19 pandemic, and the Vietnamese economy started to show recovery. Within this environment, consumers also have more freedom to go out shopping and many people have re-embraced this ability. Furthermore, retailers have become more comfortable to expand their hypermarket outlet numbers without restrictions in construction activities, heralding something of a bo...

Euromonitor International's Hypermarkets in Vietnam report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers. There are profiles of leading retailers, with analysis of their performance and the challenges they face. There is also analysis of non-store retailing: vending; homeshopping; internet retailing; direct selling, as available.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- * Get a detailed picture of the Hypermarkets market;
- * Pinpoint growth sectors and identify factors driving change;
- * Understand the competitive environment, the market's major players and leading brands;
- * Use five-year forecasts to assess how the market is predicted to develop.
