### **Report description:**

With consumer spending under pressure during 2022 due to the impact of high inflation on the disposable incomes of the local population, street stalls/kiosks emerged as one of the best performing categories in the Czech consumer foodservice industry towards the end of the review period. As household income levels have dwindled in the face of rapid increases in the cost of living, dining out on a regular basis has become prohibitively expensive for many people. While the more economical approach to...

Euromonitor International's Street Stalls/Kiosks in Czech Republic report offers a comprehensive guide to the size and shape of the market at a national level. It provides foodservice sales, the number of outlets and the number of transactions by sector, allowing you to identify the foodservice sectors driving growth.
