- Multiple User License (Global) €6600.00

### **Report description:**

2022 was the beginning of the recovery from the impact of the pandemic in Japan. While 2020 and 2021 experienced long periods of soft lockdowns - a state of emergency and quasi-state of emergency - these harsh restrictions ended in April in 2022 across the country. From mid-2022, local society started to reopen, encouraging greater mobility outside of the home, including the return to offices, socialising and travelling domestically.

Euromonitor International's Tissue and Hygiene in Japan report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, distribution or pricing issues. Forecasts to 2027 illustrate how the market is set to change.

Product coverage: Away-from-Home Tissue and Hygiene, Retail Tissue and Hygiene, Rx/Reimbursement adult incontinence, Total Tissue and Hygiene.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- \* Get a detailed picture of the Tissue and Hygiene market;
- \* Pinpoint growth sectors and identify factors driving change;
- \* Understand the competitive environment, the market's major players and leading brands;
- \* Use five-year forecasts to assess how the market is predicted to develop.

Euromonitor International has over 40 years' experience of publishing market research reports, business reference books and online information systems.
