Report description:

Kazakhstan has strong trade links with Russia in particular and its war in Ukraine negatively impacted the economy and led to high inflation. While skyrocketing international oil and gas prices boosted the local economy, its usual outflow to the global market through Russia was disrupted and its energy sector had to look for other alternatives. As a result, the economy did not reap as much benefits as would be expected from rising oil and gas prices and inflation was significant. There were also...

Euromonitor International's Tissue and Hygiene in Kazakhstan report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, distribution or pricing issues. Forecasts to 2027 illustrate how the market is set to change.
