Report description:

Apparel and footwear specialists was significantly impacted by the pandemic and enforced subsequent restrictions in 2020 in an attempt to reduce the spread of the virus. These included home seclusion and the closure of non-essential stores, resulting in dramatic sales declines through the channel, and the permanent closure of some outlets due to low footfall and a move online by local consumers.

Euromonitor International's Apparel and Footwear Specialists in Brazil report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers. There are profiles of leading retailers, with analysis of their performance and the challenges they face. There is also analysis of non-store retailing: vending; homeshopping; internet retailing; direct selling, as available.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
