Report description:

While e-commerce sales saw significant growth in 2021, in 2022, growth was boosted even further, with strong double-digit value retail growth recorded. Online sales are well developed in Costa Rica in regional terms but remain immature in global terms. However, the shutdown of non-essential stores in 2020 and other pandemic measures, including restrictions on public transport, social distancing and mask mandates, moved consumers online. As such, while growth has been partly exaggerated by its em...
