- Multiple User License (Global) €2475.00

### **Report description:**

Beauty and personal care brands, including players such as Avon, continued to represent the largest part of the direct selling business. In 2022, these players were able to leverage their longstanding relationship with consumers, using their solid consumer insights to focus on innovations and launching products they are confident will succeed. The category, however, continued to experience intense pressure from other specialists who have increased their stake in beauty. This includes pharmacies...

Euromonitor International's Direct Selling in Uruguay report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers. There are profiles of leading retailers, with analysis of their performance and the challenges they face. There is also analysis of non-store retailing: vending; homeshopping; internet retailing; direct selling, as available.
