## Report description:

The health and wellness trend had an impact on footwear trends in the United Arab Emirates over the review period. As consumers increasingly focused on keeping themselves and their feet healthy, demand increased for comfortable footwear for daily wear, massage slippers (for example from the brand Kenkoh), orthopaedic footwear, arch support footwear (for example from the brand AETREX), sports shoes, and other types of footwear designed for comfort or sports. This trend is being seen across all ag...
