Report description:

Pet healthcare is forecast to see double-digit current value growth in 2023. Pet dietary supplements especially has shown huge development in the market, along with the pet humanisation trend and rising awareness of pets' health and wellness. Big pharmaceutical companies have been establishing pet-dedicated teams and have been launching pet dietary supplements, as these players already have a solid reputation for human dietary supplements, and there is a low barrier to entry. While pet dietary S...
