Report description:

Value sales of cordless drills continued to increase in 2022, albeit with growth stabilising following considerable demand during the pandemic when consumers increasingly invested in renovation projects in their homes. One factor driving the popularity of cordless drills is their high portability, as they are not restricted to being connected to an electrical outlet. Additionally, the absence of a cord eliminates the risk of tripping over or accidentally severing the cord with the drill bit, cre...

Euromonitor International's Home Improvement in France report offers a comprehensive guide to the size and shape of market demand at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the categories driving growth. It also identifies the leading companies and their brands, and offers strategic analysis of key factors influencing demand - from new product developments, consumer lifestyles, route to market and pricing issues. Forecasts to 2027 illustrate how market demand is expected to evolve in the medium-term
