Report description:

In 2022, the US saw a decline in consumer confidence, which was attributed to a surge in inflation caused by increases in energy prices due to the 2022 Russian invasion of Ukraine. This, coupled with lingering COVID-19 supply chain issues, kept food prices high, contributing to an overall inflation rate of 8.0%. This was marginally higher than the inflation rate of 7.9% witnessed in the overall North America region. As a result, the home and garden industry in the US experienced only negligible...
