Report description:

The trend of humanisation in pet ownership has led to an increase in regular check-ups and vaccinations for pets, driving up sales of pet healthcare products. Online consultations through platforms such as Halodoc, which were previously targeted for human usage, have made it easier for pet owners to access veterinary advice, further fuelling demand for pet healthcare products. The convenience of online consultations has also encouraged more pet owners to seek advice and make purchases for their...

Euromonitor International's Pet Products in Indonesia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2018-2022, allowing you to identify the sectors driving growth.
